KANE COUNTY - Land Pollution Control
Montgomery/D & N Trucking (Phillips)
Permit No. 1975-25-DE

RECEIVED

APR 25 1975

ILL. EPA - REGION 5
STATE OF ILLINOIS

Mr. James Douglas Andrews
Environmental Engineering
300 Iles Park Place
Springfield, Illinois 62703

Dear Mr. Andrews:

This is in response to your letter, dated April 14, 1975 requesting a supplemental permit for your client, D & N Trucking, to:

1. Accept putrescible, combustible and metallic waste from nearby industries.
2. Allow the incoming waste to be deposited at the top of the fill area rather than the toe of the slope of the working face.
3. Not control access to the site.

Insufficient information relative to ground water pollution potential of this site was submitted. See Rules 313 and 315.

Insufficient information was provided concerning your client's unwillingness or inability to develop the site in a manner which allows depositing waste materials at the toe of the slope of the face of the landfill, in concert with Rules 303a and 314b.

Access control is inadequate at this site and is at odds with Rule 314.

Based on the above deficiencies, this Agency must deny the requested supplemental permit.

Very truly yours,
ENVIRONMENTAL PROTECTION AGENCY

Thomas E. Cavanagh, Jr.
